Re: Northeast Maryland Waste Disposal Authority – Solar Array
Type II Site Plan (SP88-04, AP 19375)

Dear Applicant:

Please find enclosed a copy of the above-referenced, approved Site Plan for a 1,355 kilowatt ground mount solar array. The Site Plan is stamped **APPROVED** for your records. This approval is with the understanding that all applicable conditions will be complied with as the project proceeds through completion.

The site plan is valid for a period of three (3) years from the date of approval, and therefore the plan will expire on July 1, 2022. Start of construction, as defined in Section 1-19-11.100 of the Zoning Ordinance, must begin under valid permits prior to the Site Plan expiration date.

Please do not hesitate to call me at 301-600-1436 or email at gghubbard@FrederickCountyMD.gov if you have any questions or concerns.
