

THIS RECYCLING AGREEMENT (the "Service Agreement") is made as of [MONTH], [DAY], 2025 between the Northeast Maryland Waste Disposal Authority (the "Authority") and [COMPANY] (the "Company").

NOW, THEREFORE, in consideration of the mutual promises and covenants of each to the other contained herein and other good and valuable consideration, receipt of which is hereby acknowledged, the parties to this Service Agreement agree as follows:

1. Parties' Duties.

(a) The Company shall accept, process, and recycle Recovered Materials transferred to the Company by Baltimore City and/or the Authority's (or Baltimore City's) transportation contractor during the Company's Receiving Hours, as described in this Service Agreement. The Authority reserves the right under this Service Agreement to import and process through the Transfer Stations, Recovered Materials from locations outside the confines of Baltimore City, Maryland ("the City"), if approved by the Company. The Company has sole responsibility for the provision and operation of all Facilities, personnel, and sites necessary to provide the Service. The Company Representative or his/her delegate shall be available daily to ensure the day-to-day coordination of activities. Upon request of the Authority Representative or of the City Representative, the Company shall meet with the Authority or the City. Services requested under this Service Agreement shall begin on July 1, 2026 (Operations Date). There is no minimum tonnage guarantee under this Service Agreement. The Authority is not obligated to deliver a certain quantity of material to the Company.

Beginning on the Operations Date, and continuing throughout the term of this Service Agreement, the Company shall provide the Service in accordance with this Service Agreement and Applicable Law. The Company shall cooperate with the Authority and the Authority's (and/or the City's) transportation contractors to ensure that the Company's acceptance of the Recovered Materials is conducted in an effective and efficient manner minimizing waiting times for the transportation contractor(s) at the Processing Facility.

(b) The Company is obligated to accept and process all Recovered Material transferred to the Company's Processing Facility by the Authority. Provisions for Hazardous Waste, if any, and Unacceptable Waste, if any, are set forth in Section 2 below.

(c) The Company shall be an independent contractor and not an employee of the Authority, and the Company's employees who are assigned to provide services to the Authority under this Service Agreement shall be employees of the Company and not the Authority. The Company shall be responsible for the reporting and remittance of all state and federal taxes, compensable workers' compensation claims, and coverage of unemployment claims filed by its employees. The Company's Services will be provided with due care and in accordance with all applicable standards and Applicable Law. The Company shall perform the Services for the City as directed by the Authority in accordance with the terms and conditions of this Agreement.

(d) The Authority, its employees, agents, representatives, and subcontractors shall obey all Facility rules when on the premises of Company's Processing Facilities.

(e) In support of the City's public education efforts, payment will be made to the City or Authority in the amount of \$0.50 (outreach payment) per ton of Recovered Material accepted (not including heavily contaminated loads under the Authority approved standard operating protocol for heavily contaminated loads) at the Processing Facilities. In addition, the Company will provide imagery/video and other information as requested by the Authority and the City to customize and use for public education materials. The Company shall provide the Authority a semi-annual report of the market locations (names of end users the Company is selling to) for each commodity within the City's commodity composition. The Company shall prioritize local markets, if available, for selling the Recovered Material.

(f) The Company shall provide records of the Processing Facilities key performance indicators (daily, monthly, and/or annually) it tracks for operating efficiency and to maximize recovery of Recovered Material within 10 business days upon request from the Authority.

(g) The Company shall provide readily available documentation certifying to the Authority that the equipment installed for processing the Recovered Material is being operated (and performing) in accordance with the manufacturers' equipment standards and warranties. The certification shall be provided annually by July 1st of each year. In the event the Company does not provide the certification, or the equipment is not being operated (and performing) in accordance with manufacturers' equipment standards and warranties, the Company agrees to reduce the Service Fee (or Tip Fee) by five percent (5%).

(h) The Company shall provide a copy of the Processing Facilities Operations Manual including any updates to manual within five (5) business days upon request from the Authority.

(i) Results of periodic Company bale audit(s) (hand sorting or equipment) of the Recovered Material (outside of Recycling Sorts per Schedule 3 of this Service Agreement) performed by the Company shall be submitted to the Authority within five (5) business days of the bale audit(s). The results of periodic Company bale audits will not result in a revision to the City's commodity composition for calculating Service Fees.

2. Service Fees

From and after the Operations Date, the Company may charge and collect from the Authority a Service Fee for each ton of Recovered Material accepted by the Company from the Authority, for processing and recycling hereunder.

The Service Fee for single stream material shall be the City's revenue share minus a Single Stream Processing Fee. The City's revenue share is 75% of the City's blended commodity value based on the City's commodity composition and the applicable commodity market indices. If the City's revenue share is greater than the Single Stream Processing Fee, the Service Fee shall be a credit to the City.

A blended commodity value shall be computed by adding the first monthly published index values for the single stream material, retroactive to the first of the month. The published index values to be used in computing the MPI are the following:

- For cardboard and residential mixed paper, the following indices published under

Fastmarkets RISI PPI Pulp & Paper Week:

- Mixed Paper (54) Northeast - New York (high price)
- OCC (11) – OBM Northeast – New York (high price)
- For aluminum cans, steel/tin cans, PET, Natural HDPE, Colored HDPE, Plastics (3-7), rigid plastics, and glass the indices published under RecyclingMarkets.net Secondary Materials Pricing New York (NE USA/Maritimes), retroactive to the first of the month. The indices to be used are as follows:
 - Aluminum/beverage cans: Metals Aluminum Cans (Loose, ¢/lb., dropped off at RC) (Regional High price)
 - Steel/tin cans: Metals Steel Cans (Sorted, Loose, \$/ton, dropped off at RC) (Regional High price)
 - Plastics PET (Baled, ¢/lb., picked up) (Regional High price)
 - Average of Regional High Price for Plastics Natural HDPE (Baled, ¢/lb., picked up) and Regional High Price for Plastics Colored HDPE (Baled, ¢/lb., picked up)
 - Plastics Commingled (3-7, Baled, ¢/lb., picked up) (Regional High price)
 - Rigid plastics: Plastics Mixed Bulky Rigid (Baled, ¢/lb., picked up) (Regional High price)
 - Glass 3 Mix (\$/ton Del. as Recyclable/Disposable – Incl. Environmental Fees/Battery Surcharge, etc.) (Regional High price)
- The value of Scrap Metal shall be a fixed rate of \$0.00 per ton.
- The value of Residue in the single stream shall be fixed rate of [INSERT RESIDUE PRICE PROPOSAL] per ton.

Below are examples for calculating the Service Fees. The commodity compositions presented in the example (item i below) shall be used for the term of the Service Agreement or until a Recycling Sort is performed. Each party has the right to request Recycling Sorts at the Processing Facility per Schedule 3 of this Service Agreement.

The Authority may also deliver source-separated cardboard to the Processing Facility. The Service Fee for source separated cardboard shall be 75% of the high Northeast region index for OCC (11) minus the Cardboard Processing Fee.

If the City’s revenue share is greater than the applicable Processing Fee, the Service Fee shall be a credit to the City.

The Company's record shall include the following: gross weight, tare weight, date, time of arrival, time of departure, and vehicle identification (truck or permit number). The Company shall provide each driver with a pre-numbered delivery ticket at the time of delivery. The Company at its expense shall obtain approval of, inspect and test the vehicle scales as required by Applicable Law. The Company, at the written request of the Authority, in the presence of an Authority representative, shall make additional tests of all vehicle scales. The cost of the additional tests shall be borne by the Authority if the scales meet the accuracy requirements of Applicable Law. If the scales do not meet the accuracy requirements of Applicable Law, the cost of the additional tests shall be borne by the Company. If any test shows that a scale registers farther above or below the correct reading than permitted by Applicable Law, the charges and calculations based on scale readings made within thirty (30) days preceding the test shall be corrected by the percentage of inaccuracy found. If a test of the scales has been performed during the preceding thirty (30) days, only the readings and related charges and calculations made after that test shall be corrected on the basis of the subsequent test.

The Company shall provide the Authority access to the daily transfer vehicle scale records or email such records to the Authority upon the Authority's request.

At the Authority's request, the Company must provide a scale certification certificate. If vehicle scales at the Processing Facility are not working properly, not certified as required above, or are being tested, the applicable Transfer Stations' designated scales shall be the basis for payment.

The Company may request an inflation adjustment to the Service Fees. The inflation adjustment shall be 100% of any increase in the Bureau of Labor Statistics' CPI for all urban consumers Baltimore- Columbia-Towson, MD Area. The first adjustment shall compare the most recent reported CPI as of July 1, 2026 (April 2026 reference month) to the June 2025 CPI reference month. Thereafter the most recent CPI reported on July 1st of the current year (April reference month) will be compared to the CPI used from previous period.

Example Calculation:

Most recent reported CPI as of July 1, 2026 (April reference month) : 258.816

June 2025 CPI reference month: 254.354

Index Point Change: $258.816 - 254.354 = 4.462$

The maximum Inflation adjustment for each one-year period, shall not exceed 1.04 (or 4%).

Each invoice shall set forth the Service Fee, outreach payment, and other charges payable to the Company for the applicable period, together with supporting documentation including scale

- (i) The amount due for Service Fee payments; MINUS
- (ii) Outreach payment (to be paid as directed by the Authority); MINUS

6. Termination.

(a) Termination for Convenience: The Authority may terminate this Service Agreement for convenience, in whole or in part, whenever the Authority determines that such termination is in the best interest of the Authority, without showing cause, upon giving at least 30 days written notice to the Company. The Authority shall pay all reasonable costs incurred by the Company up to the date of termination. The Company shall not be reimbursed for any profits which may have been anticipated but which have not been earned up to the date of termination.

(b) Upon termination of this Service Agreement for Default, the Authority may elect to pay the Company for services provided up to the date of termination, less the amount of damages caused by the Default. If the damages exceed the undisbursed sums available for compensation, the Authority shall not be obligated to make any further disbursements hereunder.

(c) No remedy herein conferred upon or reserved to the Authority is intended to be exclusive of any other remedies provided for in this Service Agreement, and each and every such remedy shall be cumulative, and shall be in addition to every other remedy given hereunder, or under this Service Agreement, or now or hereafter existing at law or in equity or by statute. The Company shall provide the Authority sixty (60) days' prior written notice of any material change in coverage or deductibles under each such Policy.

(c) The Company shall use only responsible insurance companies of recognized standing which are authorized to do business in Maryland as providers of all Required Insurance.

(d) The Company shall not take out separate insurance concurrent in form or contribution in the event of loss with Required Insurance if the existence of such insurance reduces amounts payable under Required Insurance. The Company shall immediately notify the Authority whenever it applies for any separate insurance and shall promptly deliver the policy or policies evidencing the separate insurance to the Authority.

(e) The Company shall submit to the appropriate insurer timely notices and claims of all losses insured under any Required Insurance policy which occur during the performance of the Services described herein, pursue such claims diligently and comply with all terms and conditions of Required Insurance policies. The Company shall promptly give the Authority copies of all notices and claims of loss and any documentation or correspondence related to such losses. The Company shall make all insurance certificates for Required Insurance, available for inspection and photocopying by the Authority upon reasonable notice.

9. Assignment.

Neither the Company nor the Authority shall assign or transfer its interest or obligations under this Service Agreement to any third party, without the written consent of the other party, except that the Authority may assign this Service Agreement to the City without the consent of the Company. Nothing herein shall be construed to create any personal or individual liability upon any employee, officer, director, Member or elected official of the Authority or the City, nor shall this Service Agreement be construed to create any rights hereunder in any person or entity other than the parties of this Service Agreement, except that the parties acknowledge that the City is a third-party beneficiary of this Service Agreement as set forth in Section 10 below. The Company shall not delegate the Company's duties under this Service Agreement without the prior written consent of the Authority.

10. City as Third-Party Beneficiary.

The City is a third-party beneficiary of all the obligations of the Company under this Service Agreement. The City has the right, but not the obligation, to enforce rights, remedies, powers and privileges of the Authority under this Service Agreement if the City provides ten days' prior written notice to the Authority and the Company. Unless such prior notice is given by the City, it is understood by all parties that the Authority Representative shall have the authority to direct the Company with respect to the Authority's and City's rights herein and the Company shall have the right to rely on such direction.

11. Indemnification.

(a) The Company shall indemnify and hold harmless the Authority and the City, their respective employees, agents, members, directors and officials from any and all claims, suits, or demands including reasonable attorney fees which may be made against the Authority or the City,

The Company shall not be responsible for acts of negligence or willful misconduct committed by the Authority, its employees, agents and officials.

(b) Any property or work to be provided by the Company under this Service Agreement will remain at the Company's risk until written acceptance by the Authority; and the Company will replace, at the Company's expense, all property or work damaged or destroyed by any cause whatsoever.

12. Integration and Modification.

This Service Agreement sets forth the entire agreement between the parties relative to the subject matter hereof. No representation, promise or condition, whether oral or written, not incorporated herein shall be binding upon either party to this Service Agreement. No waiver, modification or amendment of the terms of this Service Agreement shall be effective unless made in writing and signed by an authorized representative(s) of all parties to this Agreement.

13. Governing Law.

This Service Agreement shall be governed by and construed in accordance with the laws of the State of Maryland without regard to any choice of law principles that would dictate the laws of any other jurisdiction. The parties agree that the exclusive venue for any and all actions related hereto shall be the appropriate Federal or State court located within the State of Maryland.

14. Change of Law.

(a) If there occurs an increase or decrease in a fee to transport, process or dispose of acceptable material imposed by Applicable Law, which the Company is obligated to pay, this shall be considered a "Change of Law."

(b) Notice of Change of Law. Within 90 days of the adoption or promulgation of an asserted Change of Law, the Company or the Authority shall notify the other party such asserted change. Failure to provide such notification shall entitle the receiving party to reject the Change of Law claim.

(c) The Company may pass through such an increase as an adjustment to the Service Fees. If the adjusted service fee exceeds 110% of the current Service Fee prior to the adjustment, the Authority may elect to (1) terminate this Service Agreement, or (2) reduce total deliveries of acceptable material to the Company. If this Agreement is terminated or acceptable material deliveries are reduced, then neither party shall be liable to the other party for any amounts otherwise due hereunder, except for the Service Fee amounts due for acceptable material delivered prior to the effective date of the termination or reduction of deliveries.

15. Severability.

If any of the provisions in this Service Agreement are declared by a court or other lawful authority to be unenforceable or invalid for any reason the remaining provisions hereof shall not be affected thereby and shall remain enforceable to the full extent permitted by law.

16. Time is of the Essence; Uncontrollable Circumstance.

(a) Time is of the essence with respect to performance of the terms and conditions of this Service Agreement excepting the event of an Uncontrollable Circumstance (as defined) which prevents either party from performing timely.

(b) A party to this Service Agreement shall not be in default or liable to the other party for its failure to perform obligations, if such failure results from an Uncontrollable Circumstance. Notwithstanding the foregoing, the affected Party shall diligently overcome or remove such Uncontrollable Circumstance as soon as reasonably possible. As a good faith effort to avoid Uncontrollable Circumstances, each Party shall put into place preventative measures for forecasted weather events. The Company must adequately address any inquiries of the Authority about conditions caused by the Uncontrollable Circumstance, as well as preventative measures put into place by the Company.

17. Funding.

The contractual obligation of the Authority under this Service Agreement is contingent upon the availability of funds appropriated by the City from which payment for the Services can be made.
